STUDENT GRIEVANCE REDRESSAL SYSTEM

This is to inform all students of Quantum School of Technology that a Student Grievance Redressal System is constituted as follows-

1. In case a student faces any problem regarding academics or otherwise, he/she must contact his/her Class Advisor and explain the problem in detail. In most cases Class Advisor would be able to resolve the problem within two working days.
2. If problem is not resolved satisfactorily as above, student is advised to contact his/her Department Coordinator.
3. In case the student still does not get a solution within the next working day, the matter may be escalated to Dean Academics, who will either resolve the problem himself or bring it to the notice of higher authorities within one working day as he may deem fit.
